REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Upon review of the Decision mailed May 31, 2011, the Examiner wanted to make a note of an erroneous interpretation of the Examiner's position by the Board of Appeals. In particular, the Board twice states that the Examiner acknowledges that the strands (32) of wire constitute a helical structure; see page 5, lines 10-12 and lines 26-27. This is actually not true and is exactly opposite of the position taken by the Examiner; see page 7 of the Answer mailed September 3, 2008. Nonetheless, since the Board of Appeals seems to wholly agree with the Appellant on every issue, the Examiner believes that this misunderstanding would have no affect on the outcome of their Decision. For this reason, the Examiner has decided to not request that the Decision be reconsidered.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
